Statement Of Interest-

Hello, my name is Judith M. Green, and I'm running for office to be your President. For the past two years, I have served as a LACAAEA Board Member, Chair of Digital Communications, and Co-Chair of our first virtual Black History Month celebration. If elected as your next President, I will bring innovative ideas, dedication, and hard work! Over the years, I have enjoyed actively participating in conferences, creating LACAAE's digital assets, expanding LACAAEA's digital footprint on multiple social media platforms, and most notably, receiving the honor and opportunity to design our new logo. Through that experience, I've gained firsthand knowledge about the specific issues and obstacles we face as an organization. I believe I have the ideas to help take LACAAEA to the next level!

The primary focus of my campaign is to increase membership enrollment, implement consistent professional development opportunities and expand LACAAEA's community outreach. With the support and teamwork of the LACAAEA board and our members, I truly believe WE can do it! As a communications professional for CEO County Communications and The Public Defenders Office, I am responsible for facilitating communication between the Board of Supervisors, media members, and the general public. I can bring my communications experience, network, and resources to help broaden LACAAEA's voice and public image. LACAAEA has a long way to go. And it won't be easy. That's why we'll have to set priorities. We'll have to make hard choices. And although county politics will play a crucial role in bringing about the changes we need, our voice is our power!

Having played a progressively more active role in LACAAEA over the past years, I am confident in taking the next step to expand my leadership skills and involvement with our great organization. In addition to the leadership skills I have gained through serving on the board, my experience working for the County's Emergency COVID response team has been invaluable. I learned how important it is to listen. I learned how to keep my ears open, ask questions, chase what I want to know, and stay organized. Most importantly, I learned to disagree without being disagreeable and how to create a positive work environment. I learned how to chase solutions to challenges head-on and to be willing to step into roles that I had not yet grown into. Among these are the reasons why I feel like I am an excellent candidate to serve as your next President. My knowledge, drive, and determination will ensure key recommendations and ideas are delivered. I love executing ideas & I love being on teams. Not just any type of team but teams where everyone genuinely believes and supports the ultimate goal. Teams where we all appreciate & respect each other's ideas and opinions. That's how history is made!

Thank you so much for your time, and I hope I can count on your vote and support.

Sincerely,

Judith M. Green
