

Hello, my name is Marla Pearson. I am a candidate for the position of Parliamentarian for the Los Angeles County African American Employee Association (LACAAEA). I have worked for the County of Los Angeles for 30 years, with 13 years of managerial experience. I am presently working in the Department of Public Social Services as an Administrative Services Manager II, with the Contract Management Division. As a manager, I have obtained effective analytical and organizational skills and have acquired a vast knowledge of researching and advising parties on policies and procedures. As the Parliamentarian, I will use my experience and knowledge to assist the organization with the planning and execution of meetings and events. I will also support the President and Vice President in all aspects of guiding the organization. I feel my experience and knowledge would be an essential asset to LACAAEA. Thank you.
